

Project Initialization and Planning Phase

Date	28 June 2026
Team ID	
Project Name	Rising Waters
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A resident living in a flood-prone area	Get an early warning about possible floods	Existing alerts are often delayed or inaccurate	There is no reliable prediction system using local weather and historical flood data	Anxious about my family's safety and protecting my property
